AUDIENCE RECOGNITION: The Chair recognized the in-person attendance of Blake O'Halloran of the Grand Beach Village Council. Blake provided input on a number of issues raised in the course of the meeting.

CORRESPONDENCE: The Committee reviewed and discussed written correspondence received earlier in the week from the following Grand Beach residents: Angela Trainor, Ann Sebastian, and Yvette Brandes. In general, the correspondence emphasized the need for timely communication by the Village to all of its residents regarding issues of general concern (e.g. the condition of the stairs leading down to the Pumphouse Beach and the off-loading and operation of heavy equipment on the Whitewood beach).

EPB Initial Draft (unapproved) as of 10/7/21

The residents each expressed strong concern that both situations would effectively make the beaches unusable for the indefinite future.

At the conclusion of the discussion, it was generally agreed that Pete Doerr would approach the Village Council to advocate for: 1) Greater Village-wide communication on issues of general interest/concern; and 2) proposal (after some preliminary due diligence by Ed Trainor) for installation of retractable, aluminum stairs connected to the stairway leading to the Pumphouse Beach. In addition, prior to approaching the Council, Pete was going to follow up with Mary Robertson to determine whether there were any 2021 budget funds still available for that purpose.

ADJOURNMENT: On motion made by Pete Doerr, seconded and approved at 7:50 pm (EST)

Respectfully Submitted,

Edward P. Brandes
Meeting Secretary
