VILLAGE OF GRAND BEACH REGULAR COUNCIL MEETING JANUARY 18, 2023

CALL TO ORDER

Council President Harry Walder called the regular council meeting to order at 7:00 p.m. EST. Present in addition to Walder were James Bracewell, Edward Brandes, Peter Doerr and Blake O'Halloran.

ADOPT AGENDA

Brandes moved, seconded by Doerr to adopt the January 18, 2023 agenda as presented. Motion carried unanimously 5-0.

ADOPT CONSENT AGENDA

- a. Approve Village Council Minutes:
 - i. Regular Council Meeting Minutes December 14, 2022
- b. Pay Bills with Written Additions

Brandes moved, seconded by Doerr to adopt the consent agenda as presented. Motion carried unanimously 5-0.

PUBLIC COMMENTS ON AGENDA ITEMS

None

PUBLIC HEARING

None

PRESENTATIONS/RECOGNITION

None

COMMISSION REPORTS

BUILDING & ZONING: Walder said that the Village attorney will be filing another ticket with the courts regarding the Hunter property located in the Fifteen Acres. He said that the attorney said the Village should have approval from the judge in 6-8 weeks in order to move forward with the demolition of the building under construction.

PARKS & BEACHES: Doerr said that the office recently sent letters to property owners adjacent to the beach accesses regarding landscaping on the access that creates a liability for the Village. He said the Village wants the property owners to indemnify the Village. The letter also states that property owners will need Village approval to put anything on an access. He said there will be a parks and recreation meeting in February.

STREETS & WATER: Bracewell stated that they are making progress on the Environmental Great Lake & Energy report which is due on June 1, 2023. He said Rob Andrew of Merritt Midwest is assisting Superintendent Bob Dabbs with the report. He said the guys did a great job of removing snow from the streets over the holidays.

POLICE: Brandes said that Police Chief Ryan Layman gave him a briefing on the Village. He said he rode along with Layman one day and found it very helpful. Brandes said he will be meeting with the Police Commissioner of Michiana and will work to create a police advisory board.

PRO SHOP & COURSE: O'Halloran said the golf committee has only met once, and he would like to start meeting again. He said the Council needs to plan for replacement of the golf course irrigation system. He said he would like to put a canopy over the leased golf carts to protect them from the weather.

Regular Council Meeting - January 18, 2023

SERVISCAPE REPORT

Clay Putnam said the winter equipment maintenance is ongoing. He said he has not observed any snowmobile activity on the golf course.

PERSONNEL REPORTS

SUPERINTENDENT: In addition to his written report, Superintendent Bob Dabbs said the guys have been repairing damaged street signs, have removed the sediment from the drywells and have been filling potholes. They will start removing the dead pine trees along Grand Beach Road soon.

POLICE CHIEF: In addition to his written report, Chief Ryan Layman warned residents to be aware of who they have working for them, adding that someone who was working someone stole a lot of jewelry. He said they have recovered most of the jewelry which is very unusual. He said the lady that drove across the golf course was finally arrested and has a court date scheduled for March. He said that Chikaming Open Lands had a scavenger hunt for wooden snowmen and they were very disappointed that a snowman that was located in the Grand Beach Marsh Preserve was taken. Layman said that he has done 17 rental inspections so far, and will have a formal report next month.

BUILDING INSPECTOR: Bill Lambert was not in attendance. Chad Butler said that there are 19 homes going up and a total of 24 building permits. He said they are making the rounds and checking on things.

UNFINISHED BUSINESS

REQUEST USE OF LAKE AVENUE BEACH ACCESS FOR REVETMENT WORK

Devon Moore of Triple D Excavating attended the meeting to ask for permission to use the Lake Avenue beach access to do repair work on revetment located at 50005 High Point. He said that they have not submitted their application to EGLE yet, and expect that they won't be ready until after April 1. Walder told him that they won't be able to do any work after Memorial Day.

Moore said the work involves bringing the material in on a semi-truck, using heavy machinery to load material onto offshore trucks which will go down on the beach and drive to the area where they will be working. He said it will take approximately 2-3 weeks to complete the work.

Moore was told that by the Council that when he is finished, he will have to repair the access to the way it was before the work or better. Walder told him he will have to provide a signed hold harmless agreement and insurance to the Village. The Council also informed Moore that they are working on a fee that will be charged for the use of the access.

The matter was tabled and will be added to the February agenda.

APPOINT PLANNING COMMISSION MEMBER TO PARTIAL TERM ENDING AUGUST 31, 2025

O'Halloran moved, seconded by Doerr to appoint Paul Leonard to the Planning Commission with a term ending August 31, 2025. Motion carried unanimously 5-0.

APPOINT PLANNING COMMISSION MEMBER TO PARTIAL TERM ENDING AUGUST 31, 2024

Doerr moved, seconded by Brandes to appoint Elizabeth Grim Vaughn to the Planning Commission with a term ending August 31, 2024. Motion carried unanimously 5-0.

NEW BUSINESS

RULES OF PROCEDURE

Walder said that the Council approves the Rules of Procedure for Council meetings after each election. O'Halloran

Regular Council Meeting – January 18, 2023

moved, seconded by Brandes to approve the Rules of Procedure as presented. Motion carried unanimously 5-0.

REPEAL WAGE ORDINANCE NO. 46

O'Halloran moved, seconded by Brandes to adopt an ordinance to repeal ordinance no. 46 as presented. Motion carried unanimously 5-0.

PROPOSAL FOR WATER DEPARTMENT COMPUTER & SOFTWARE

Bracewell moved, seconded by O'Halloran to purchase a new computer, telemetry system and software for the water department from Peerless Midwest at a cost of \$8,460. Motion carried unanimously 5-0.

PURCHASE TV MONITOR AND MOUNTING BRACKETS FOR COUNCIL ROOM

O'Halloran moved, seconded by Doerr to purchase a 43" TV and brackets at a cost not to exceed \$500 and to amend the General Fund budget for miscellaneous Council expenses in the amount of \$500. Motion carried unanimously 5-0.

PURCHASE TV MONITOR AND MOUNTING BRACKETS FOR BUILDING INSPECTION

Brandes moved, seconded by O'Halloran to purchase a 50" TV and brackets for the Building Inspection department at a cost not to exceed \$500, and to amend the Building Inspection Fund budget for office supplies in the amount of \$500. Motion carried unanimously 5-0.

PURCHASE IPAD AND CELLULAR SERVICE FOR BUILDING INSPECTION FUND

O'Halloran moved, seconded by Brandes to purchase an iPad and cellular service for the Building Inspection department to look at drawings and to take pictures while out in the field with the iPad not to exceed \$1,500 and the cellular service not to exceed \$300, and to amend the Building Inspection Fund budget for office supplies in the amount of \$1,500 and telephone and internet expenses in the amount of \$300. Motion carried unanimously 5-0.

O'Halloran stated that funds in the Building Inspection fund can only be used for expenses related to Building Inspection.

DISCUSS BEACH ACCESS USE AND FEE OF \$10,000

Walder said that he thinks the Council needs to do more research before deciding on beach access use fees to be charged. He said the goal is to charge a fee for any major work from the access that puts the Village at risk and takes time. There was discussion regarding the times of year that work on the beach access will not be allowed, and the Council will work on a case-by-case situation if there is an emergency need for the use of the access. The Council also discussed different fees for work being done outside of the Village and work being done for property owners in the Village. There was discussion about establishing a sliding fee scale depending on the type of work.

The matter was tabled and will be added to the February agenda.

RESOLUTION TO ADOPT HAZARD MITIGATION PLAN

Walder said that Berrien County has been working with all municipalities in the county on this plan and each municipality needs to approve it. Brandes moved, seconded by O'Halloran to adopt a Resolution for a Hazard Mitigation Plan as presented. Motion carried unanimously 5-0.

RESOLUTION OF SUPPORT FOR BERRIEN COUNTY TRAILS MASTER PLAN

Walder said the Council has received a master plan for the Berrien County Trails which does not obligate the Village to anything. Doerr moved, seconded by O'Halloran to approve the Resolution of Support for Berrien County Trails Master Plan as presented. Motion carried unanimously 5-0.

Regular Council Meeting – January 18, 2023

APPOINT HARRY WALDER AS EX-OFFICIO MEMBER TO THE PLANNING COMMISSION WITH TERM ENDING AUGUST 31, 2023

Doerr moved, seconded by Brandes to appoint Harry Walder as Ex-Officio Member to the Planning Commission with a term Ending August 31, 2023. Motion carried unanimously 5-0.

APPOINT MASTER PLAN TASK FORCE

Walder said he has people who are willing to serve on the Master Plan Task Force and he has been working with Diane Cody on getting everything together for the first meeting. He said the meetings are open to the public with the first meeting on January 24, 2023. He said the intent is for the Task Force to develop all data for the master plan, assemble the data and get an RFP from a consultant in August or September to put it together. Once completed, it will go to the Planning Commission for their approval and then to the Council for final approval. He said the Task Force will dissolve when the task is completed.

O'Halloran moved, seconded by Brandes to create a Master Plan Task Force, which is a sub committee of the Planning Commission, and to appoint Bob Barnes, Diane Cody, Jerald Dyson, John Hoover, Paul Leonard, David Manecke, Gina O'Halloran, Ed Trainor and Harry Walder. Motion carried unanimously 5-0.

APPOINT PARKS AND RECREATION COMMITTEE MEMBER TO TERM ENDING NOVEMBER 30, 2023

Doerr said that he would like to appoint two new members to the Parks and Recreation Committee to fill open seats. O'Halloran moved, seconded by Doerr to appoint Jerry Dyson to the Parks and Recreation Committee with a term ending November 30, 2023 and Norm Cherrett with a term ending November 30, 2024. Motion carried unanimously 5-0.

APPOINT PARKS AND RECREATION COMMITTEE MEMBER TO TERM ENDING NOVEMBER 30, 2024 Included in the above motion.

PUBLIC COMMENTS

Village resident Bob Barnes talked to the Council about the Lake Avenue beach and access, an area on Perkins at Calla that floods and a vacant lot that is owned by the Village on Arnold Avenue.

Village resident Ed Sebastian said that in thinking about the sliding fee schedule for revetment work, the Council could consider the tonnage and number of truckloads of rock coming in to the Village and the impact on the road surface.

CORRESPONDENCE

None

ADJOURNMENT

Bracewell moved, seconded by Doerr to adjourn the meeting. Motion carried unanimously 5-0.

With no further business, the meeting was adjourned at 8:00 p.m. EST.

Respectfully submitted,

Mary J. Robertson
Clerk-Treasurer

VILLAGE OF GRAND BEACH SPECIAL COUNCIL MEETING JANUARY 27, 2023

CALL TO ORDER

Council President Harry Walder called the special council meeting to order at 9:38 a.m. EST. Present in addition to Walder were James Bracewell, Peter Doerr and Blake O'Halloran. Edward Brandes arrived to the meeting at 9:47 a.m. EST.

ADOPT AGENDA

O'Halloran moved, seconded by Doerr to adopt the January 27, 2023 agenda as presented. Motion carried unanimously 4-0.

PUBLIC COMMENTS ON AGENDA ITEMS

None

UNFINISHED BUSINESS

REQUEST USE OF LAKE AVENUE BEACH ACCESS FOR REVETMENT WORK

Walder explained that Triple D Excavating requested the use of the Lake Avenue beach access for revetment work, and in lieu of a fee to use the access point, they would do revetment work on both sides of the access and install steal piles for a deck to be installed at a later time by the Village.

He said Devon Moore of Triple D Excavating could not attend the meeting, but he asked him if the height of the stones will be at least 15 and Moore told him that it appears the scouring of the waves damaged the bluff at 6'-7'.

Walder asked if they will place fill behind the stones and Moore told him they will.

Walder said that he asked Moore if they will install the steel piles so the deck can be built approximately 15' higher than the beach and Moore told him that the steel piles have to be placed above the bluff line per Environment, Great Lakes and Energy (EGLE). Walder said that they hope there can be a ramp built from the road to the deck so that it will be accessible.

The Council discussed possibly having to add revetment when the lake level goes up again.

Brandes moved, seconded by Doerr to approve Triple D Excavating's request for the Use of the Lake Avenue Beach Access for Revetment Work at the house on High Point, and in lieu of a fee, Triple D Excavating will provide additional revetment at the Lake Avenue Village access on each side of the ramp and will provide four steel piles for a future viewing deck to be built by others. Motion carried unanimously 5-0.

NEW BUSINESS

ADDITIONAL EXPENSE FOR TV FOR BUILDING INSPECTION DEPARTMENT

Walder explained that the Council approved the purchase of a 50" TV for the Building Inspection Department, but that size was too small to be able to review Building prints. He said that he purchased a 75" TV which cost approximately \$350 more, and added that the smaller TV cost \$260 less than the \$500 approved.

O'Halloran moved, seconded by Brandes to approve the additional expense for the TV for the Building Inspection department at a cost of \$350. Motion carried unanimously 5-0.

Special Council Meeting – January 27, 2023

REIMBURSE HARRY WALDER FOR PURCHASE OF TV, BRACKETS AND WIRING

O'Halloran moved, seconded by Doerr to reimburse Harry Walder for the purchase of TV's, brackets and wiring in an amount not to exceed \$1,200. Motion carried unanimously 5-0.

*COUNCIL TABLE & CHAIRS DISCUSSION

Brandes moved, seconded by O'Halloran to add Council Table and Chairs Discussion to the agenda. Motion carried unanimously 5-0.

Walder shared a proposal he received for new Council furniture with the Council members. Robertson said the current Council table and chairs were here when she started working for the Village over 21 years ago. Council members spoke about other events that are held in the Council room throughout the year and decided that it might not be a good idea to purchase a new table for the Council room because it could be damaged by others who use the hall by sitting on it or putting food on top of it. Walder brought in two sample chairs to show Council members and said the purchase of chairs will be added to the February agenda.

PUBLIC COMMENTS - GENERAL

February 15, 2023

Dear Grand Beach Council,

We are happy to provide you with the February Golf Course Maintenance Report.

<u>Financial</u>

Year to date we are \$5,093 under budget.

Course News & Conditions

- Winter equipment maintenance is ongoing.
- Mower reels and bed-knives have been sharpened or replaced.
- Anticipate installing the golf course transfer pump in late February or early March.
- No snowmobile activity observed.

Respectfully Submitted,

Clay Putnam Serví8cape, LLC

SUPERINTENDENT'S REPORT

February 10, 2023

HALL - GROUNDS - MAINTENANCE GARAGE

Cleaned Maintenance garage.
Pulled back garbage cans from road edges.
Removing dead pine trees along Grand Beach Rd.
Installed new televisions in the council room.

STREETS - PARKS - BEACHES

Weekly Brush and Bag Pickup. Cleaned out storm drains. Snow and ice removal in the Village. Burned large brush pile on Golf Course.

WATER DEPARTMENT

Sampled water January 30, 2023 and took to New Buffalo water treatment plant for analysis. Submitted monthly reports for January readings to State of Michigan on February 10, 2023,

EQUIPMENT

Service, Oil and grease equipment.

Respectfully Submitted

Lowet Daver

Robert Dabbs Superintendent

Grand Beach/Michiana Police Offense Summary Occurred 1/1/2023 - 1/31/2023

Offense	Total Offenses
2399 - 23007 - Larceny (Other)	1
8920 - 89003 - Violation - Insurance - Fail to File PLPD Insurance	1
9910 - 93001 - Traffic, Non-Criminal - Accident	1
9943 - 98007 - Inspections/Investigations - Suspicious Situations	4
9944 - 98008 - Inspections/Investigations - Lost and Found Prop	1
9953 - 99008 - Miscellaneous - General Assistance	1
9954 - 99008 - Miscellaneous - Assist to Fire Department	1
9955 - 99008 - Miscellaneous - Assist to EMS	1
9956 - 99008 - Miscellaneous - Assist to Other Police Agency	4
9957 - 99008 - Miscellaneous - Residential/Business/Bank Alarm - False	1
Total	16

I completed my yearly report to MCOLES (State of Michigan Police Licensing Authority.)

The new car should be here by Mid March.

Respectfully Submitted,

Ryan Layman, Chief of Police

RTORANO'S ROOFING, LI

LEO: (219) 898-3449 / LJMARTORANO@GMAIL.COM

VILLIAGE OF GRAND BEACH 48200 PERKINS BLVD., GRAND BEACH, MI BOB DABBS / BOBDABBS@GRANDBEACH.ORG

01/22/2023

We propose to furnish the necessary labor, material, and equipment to re-roof structure(s), as outlined below, as so agreed upon the below reference, in the following manner with all property protected with tarps & wood sheeting for one-layer tear off roof replacement. Roof Replacement: VILLAGE HALL BUILDING & MAINTENANCE/POLICE BUILDING...

- 1. REMOVAL: Existing shingle material will be removed & wood will be inspected for possible replacement according to code.
- 2. WOOD: Will replace wood found to be damaged/deteriorated or redeck at time of roof replacement according to wood replacement clause below, per building code and shingle manufacturer's recommendation.
- 3. DRIP EDGE: Will install new aluminum drip edge around perimeter of roof as needed or SAVE > COLOR: BROWN May leave bottom vented drip edge if desired versus replacing with solid Brown drip edge...?
- 4. GUTTER WORK, GUTTER SCREENS & LEAF GUARDS ARE NOT THE RESPONSIBILITY OF MARTORANO'S ROOFING MAY NEED TO REMOVE DAMAGED GUTTERS AND/OR SCREENS/GUARDS IN ORDER TO REPLACE THE ROOF MATERIAL & ALLOW FOR PROPER SEAL OF THE ICE & WATER SHIELD & STARTER COURSE. A GUTTER PROFESSIONAL MAY NEED TO RE-INSTALL UPON ROOF COMPLETION IF APPLICABLE.
- 5. UNDERLAYMENT: Will apply ice & water shield in all valleys, eaves & walls according to code & apply 15 lbs. Felt Paper as necessary. (Synthetic upgrade for \$150 per roll if initial: _ _.)
- 6. PLUMBING/UTILITY BOOT FLASHING: Flashing replaced as necessary with new.
- VENTILATION: To be replaced/installed →
- 9. CHIMNEY ROOF FLASHING: (To match masonry / roof material if metal needed according to clause.) (Replace if needed...)
- 10. SHINGLES: GAFTIMBERLINE HDZ shingles <u>COLOR</u>→
- 11. Remove all debris from the job site with trailer / dumpster provided by us for all of our disposal needs in driveway or as close as possible to the roof project with all vehicles removed from garage & driveway prior to delivery & start date.

Delivery Day Before & Removal Day After (2018) x2 (one for each building). - DUMPSTER DELIVERY WITHOUT LIABILITY.

Roofing Section 400% OF VIEW GE HALLROOF

COLOR SELECTIONS:

Shingles-

Edge Metal-

Flashing-

Installation of the Owens Corning TruDefinition Duration Shingle Roofing System includes a 10-year Workmanship Warranty, protecting home and landscaping with plywood and tarps as needed, ground cleanup, magnetic raking of yard, and misc. fuel, dump and maintenance fees.

1) Remove and Replace Existing Roofing System

Remove and replace existing shingles, felt paper and nails to bare, clean decking. REMOVAL OF ONE LAYER IS INCLUDED. Removal of additional layers or cedar shake is an additional cost.

2) Sheathing

All damaged or delaminated sheathing will be removed and replaced. This is an additional unknown expense. INCLUDED is a non-refundable sheathing credit of up to either three (3) sheets of 7/16" OSB, or three (3) sheets of 1/2" plywood, or 50 LF of 1"x6" pine. The cost to remove and replace additional sheathing will be charged per market price plus labor at the time of install.

3) Ice & Water Shield

Install ice and water shield to code on all eave edges, 3 feet in all valleys, around all pipes and 16 inches along all wall-to-roof intersections. All low slopes of 2/12 - 3/12 roof facets to be shingled will have 100% ice and water shield installed.

4) Synthetic Underlayment - NOT APPLICABLE

Install synthetic underlayment to remaining roof decking. Synthetic underlayment offers superior protection versus builder grade felt paper.

5) Edge Metal

Install new edge metal to rakes and eaves of home. Color to meet customer's specifications. PLEASE NOTE: DRIP EDGE WILL BE REPLACED ON RAKE EDGES ONLY TO AVOID DISTURBING VENTED DRIP EDGE ON EAVES.

6) Starter Strip

Install starter shingles to perimeter of roof.

7) Owens Corning TruDefinition Duration AR Shingles

Install shingles to the roofing surface. Duration shingles feature SureNail Technology, TruDefinition Color Platform, StreakGuard Algae Resistance Protection, Limited Lifetime Material Warranty, 130 MPH Wind Rating

8) Pipe Boots

Replace all pipe boots as applicable.

9) Flashing

Flashing will be replaced as outlined below. Additional Wall Tins will be charged at \$7 per foot and Wall Counterflashing at \$20 per foot. Small chimney flash is \$275, and a large chimney flash is \$525. Building a small cricket behind the chimney is \$150 and a large cricket is \$250.

-Large Chimney Flashing

Install Counterflashing to Large Chimney.

NOTE: Agreement DOES NOT INCLUDE masonry repairs to chimney(s) and/or wall(s). It is recommended that customer have masonry repairs completed prior to roof replacement to have full warranty around/adjacent to chimney(s) and/or wall(s) and affected roof facets.

10) Ventilation

Replace existing ventilation. Upgrading ventilation system beyond what is existing will be an additional expense.

NOTE: It is recommended that the customer educate themselves on Insulation and Ventilation for attic and rafter cavity spaces and how it benefits a home or building and the roofing system. Website links are provided but not limited to, below.

https://www.energystar.gov/campaign/seal_insulate/why_seal_and_insulate

https://www.energystar.gov/campaign/seal_insulate/attic_insulation_project

http://www.airvent.com/index.php/ventilation-resources/what-is-attic-ventilation

https://www.owenscorning.com/en-us/roofing/tools/why-proper-roof-and-attic-ventilation-is-important-for-your-home

11) Owens Corning ProEdge Hip & Ridge Shingles

Install hip and ridge cap shingles to all hips and ridges.

12) Satellite Dish, Antenna, Wind Vane

Items affixed to the roof will be detached and left with homeowner. Homeowner is responsible for scheduling re-installation and calibration of satellite dishes.

13) Applicable Roofing Accessories

Estimate includes all applicable accessories such as fasteners, sealants, etc., unless otherwise noted in writing.

14) Additional Recommended Services

Below is a list of additional recommended services that could benefit your home or structure and roofing system.

- -Attic/Rafter Cavity Ventilation Improvements
- -Attic/Rafter Cavity Insulation Improvements
- -Soffit/Fascia/Sub-Fascia Improvements
- -Framing Improvements
- -Flashing
- -Gutter Cleaning
- -Replacement of Gutter(s)
- -Installation of Gutter Guards
- -Detach & Reset of Existing Gutter Guards Under Warranty by Other(s)
- -Masonry Repairs
- -Replacement of Skylight(s)
- -HVAC Inspection/Repairs
- -Replacement of or Manipulation of Metal Chimney Surround(s)
- -Energy Audits by Other(s)

NOTE: The additional recommended services within this line item are not included and will not be completed per this agreement. Contact your sales representative if you would like to have any of these services quoted and included with this agreement. Not all additional recommended services are services J&B West Roofing and Construction provides. Please contact your sales representative with questions.

Important Notifications

There is a lot that goes into the execution of your project. To help ensure a smooth experience for everyone, please read all the information below. Some of the items may not apply to your project, but please take the time to review each section carefully. Thank you. We look forward to working with you!

- Securing Your Items: We highly recommend you secure any precious items before your project begins. We will not be liable for anything that may fall from the ceiling or walls during installation. Ceiling fixtures will not fall if they are properly installed. Please remove anything affixed to exterior walls or soffits prior to our arrival if applicable. If we must remove something that is inhibiting our ability to do our job, we will not be responsible for that item or for the reinstallation of the item. Satellites, antenna, or wind vanes on the roof will be removed, but not re-installed. We discourage you from puncturing your newly installed roof in any way.
- Skylights/Skylight Trim: Every estimate will receive pricing for new skylights. We cannot warranty skylights that are not replaced. Unless
 specified otherwise by the customer, we will quote you for a fixed skylight that does not open. Depending on the age of your existing

skylight, the new skylight may not fit the interior drywall or trim exactly. For example, if the drywall extends above roof sheathing most new skylight curbs will not accommodate existing drywall and it will have to be cut and trimmed. If the drywall cut is perfect, it will require trim. If the drywall cut is not perfect, it will require trim. This is NOT because the skylight is incorrect. No interior work is included in the skylight price on your estimate. After the skylight is installed, we would be glad to quote interior work if you wish.

- Chimneys/Stonework: Stone and/or brick areas require periodic maintenance. We advise all customers get an inspection by a chimney/masonry professional and complete repairs prior to other exterior work.
- Sheathing: If not already included in your estimate, replacement of roof or wall sheathing will be determined at the time of installation. The main determining factor is whether the sheathing presents a surface that will hold a nail. Wet, delaminated or spaced sheathing can all cause potential issues for our installers. It is the customer's responsibility to make themselves available on the day of installation, so the project foreman can attempt to notify them of the need to replace sheathing before moving forward.
- Open Ceilings/Soffits: Homes with open ceiling or soffit overhangs (areas where decking is visible from below) will likely reveal protrusion from our fasteners. We use an industry recommended 1 ½" roofing nail. If you wish for us to use a shorter nail to try and minimize evidence of nail punctures, your request must be noted in writing on your contract. The shortest nail available for use in our pneumatic nail guns is 1". We do not recommend anything shorter, as it will void all warranties. If you insist on use of a shorter nail, additional labor expenses will be incurred. If a shorter nail is not indicated in your signed contract, standard length fasteners will be used. No compensation will be provided for the restoration of ceilings or soffits.
- Roof Sagging/Humps: If your roof has noticeable sagging or humps between rafters because of bad decking, the issue should mostly resolve itself when new sheathing is installed. If the sagging is caused by rafters or other construction issues, we will gladly have our framing department prepare an estimate for you. This must be done BEFORE the roof is installed. Please request an estimate in advance.
- Leftover Material: Your contract price covers building materials and labor as installed. We routinely leave behind an extra bundle of shingles or piece of siding, if available, for your storage. We order extra materials, so that we do not run out if there are quality issues upon unpackaging. No additional unused materials will be left onsite or credited to the customer. Similarly, if we underestimated the waste factor needed for your project, we will not charge you extra.
- Shingle Sealing/Settling: Sometimes when removed from their packaging, shingles will not lay perfectly flat. They will settle and seal to whatever is beneath them with the combination or heat and time. Most manufacturers ask the consumer to wait up to six months before they will honor their warranty. We request the same.
- Clean Up: During installation, we will do our best to periodically clean up your property. However, until the installation is completed, a certain amount of mess is to be expected. Once our crew is finished, your yard will be thoroughly cleaned and magnetically raked to collect as many stray fasteners as possible. Additionally, when new shingles are installed, there will be a certain amount of loose granules. We will clean your gutters, if they are accessible, as part of our standard clean up. During the first rain after your installation, additional granules will wash into your gutters. A return trip to clean your gutters/downspouts is not included in our standard cleanup. Attics and garages/outbuildings with open ceilings are not included in our standard cleanup. Customers will be responsible to remove or cover items and/or valuables in attics and garages/outbuildings (including vehicles) to protect them from dust and debris.
- Reporting Installation Issues: Your project foreman will conduct a final walkthrough after your installation is complete. This is your
 opportunity to address any issues you have. We will extend you 30 additional days to report any concerns specifically related to our
 installation.
- Warranty: We offer industry leading workmanship warranties. However, our workmanship warranties do not cover everything. The following instances are excluded from coverage.
- * Ice Dams- Extreme winter weather will cause ice dams to form. As snow melts and runs down your roof, the change in surface temperature at your overhang causes ice to form. Repeated occurrences can cause water to back up under your shingles or over your siding. We are not liable for leaks resulting from ice dams.
- * Weather Related Damage- wind, hail, tree branches, etc.
- * Manufacturer Defects
- * Damage by Foreign Parties- animals, falling objects, foot traffic

\$24,575.00

тота. - М\$24.575.00-

Material pricing subject to change due to current uncontrollable market circumstances. Prior to any changes of cost, the client will be notified. No verbal agreements will be honored.

Installation will be scheduled upon receipt of signed contract(s), initial payment(s), permit(s) as needed, and material availability confirmation from designated vendor(s). All work to be completed in a timely and professional manner. Customer authorizes J&B West to use project photos for promotional and advertising purposes. Payment of half down is due at time of booking with the balance due on date of completion. If multiple trades are being performed, payment by completion of trade is required. In the case of insurance work, a signed contract allows J&B West to start scheduling and performing work based upon items approved per field adjuster. All work performed by J&B West to be paid in full as funds are released by Insurance Company for original scope of work plus any and all supplemented items. Customer is responsible for paying deductible & non-recoverable depreciation. J&B West is not entitled to money allowed for items not completed therewithin but is entitled to overhead and profit allowances when completing three trades as outlined in insurance scope. In the event of questions or concerns regarding work performed, we require 75% of the invoice to be paid while issues are resolved. The remaining 25% to be paid immediately upon concerns being addressed. Please make checks payable to "J&B West Enterprises, LLC". There is a 4% convenience fee if paid by credit card. Unpaid balances will incur a monthly interest fee of 1.5% beginning one week of completion date. J&B West holds the right to claim a Mechanic's Lien if customer fails to pay in full for services rendered after invoiced. A lien will automatically be placed on outstanding balances after 45 days, unless otherwise noted in writing. Lien will be removed once balance is paid in full. The costs to place and remove lien will be applied to the project invoice. In the event litigation is required to enforce the terms of this contract, customer agrees to pay all litigation fees and stipulates to proper venue being any court in La Porte County, Indiana.

J&B West's employees are covered by worker's compensation insurance. J&B West is responsible for permits and inspections, unless otherwise noted. J&B West is not responsible for incidental damage to landscaping, loose plaster, drywall, gutters or gutter guards, concrete and/or driveways, potential growth/discoloration before or after project due to poor ventilation and/or lack of insulation, debris in attic, items that fall off interior/exterior walls/ceilings, electrical, HVAC, plumbing, or Freon lines, cables, telephone, alarm or other wires installed within 3" of bottom side of roof deck or inside of exterior walls, punctured tires or injured pets due to stray nails (if excessive nails are found after initial cleanup please contact our office to schedule a secondary cleanup), or pets not secured inside the home during installation. J&B West will remove satellite dishes and leave with customer who is responsible for re-installation. J&B West is not responsible for additional costs that may be incurred by customer for the abatement of unknown lead or asbestos uncovered during the installation process. Customer is responsible to provide a clean, safe, properly maintained jobsite prior to work starting. An additional cost will be incurred by the customer for content manipulation, snow removal, tree trimming, or other landscaping required to complete installation if not previously agreed upon in writing. J&B West will need access to all sides of the building. Customer is responsible for contacting any company with which they hold a current warranty to schedule appropriate pre/post-installation steps in order to maintain said warranty. Examples include, but are not limited to, existing gutter guards such as Gutter Helmet and LeafFilter. Customer is responsible for ensuring all gates are unlocked prior to the start of the workday and secured at the end of the workday. Customer to make electricity accessible via outdoor outlets or extension cord from interior outlets.

Asphalt Shingled and Standing Seam Metal Roofing work receives a 10-year J&B West workmanship warranty. Exposed Fastener Metal Roofing work and residential Rubber Roofing receive a 5-year J&B West workmanship warranty, other services receive a 2-year J&B West workmanship warranty, repairs and layovers are not warrantied. Warranties do not cover Act of God or Mother Nature. Warranties are non-transferable unless the house is sold within 60 days of the signed contract. If the customer does not replace existing skylights per recommendation, then the customer assumes responsibility for any leaks in the skylight area and repairs to any and all affected areas. If the customer does not repair/replace masonry to chimney or wall, replace chimney flashing or wall counter flashing if recommended, then customer assumes responsibility for any leaks and repairs to any and all affected areas. Warranty is effective on date of completion but is not valid until date of final payment. J&B West reserves the right to charge a return trip fee of \$150 for any customer reported issue which is determined not to be directly related to a warrantied scope of work.

REFERRAL PROGRAM: Take advantage of the J&B West referral system! As a satisfied customer, you will receive a \$150 check for each new customer you refer. One referral check per new customer. He or she will also receive a \$50 account credit. To qualify, both customers must have projects exceeding \$3,000 and be completed after August 6, 2015. Customers whose project was completed on or before August 6, 2015 qualify for the original \$50 referral program as stated on his/her contract. Referral checks sent once all outstanding balances are paid. Referral checks are sent out quarterly.

BY SIGNING THIS CONTRACT, YOU CONFIRM THAT EVERYTHING AGREED TO WITH YOUR ESTIMATOR IS NOTED ON THIS CONTRACT AND YOU ACKNOWLEDGE THAT YOU HAVE READ AND AGREE TO THE TERMS AND LIMITATIONS ABOVE.

Bob Dabbs Village of Grand Beach 48200 Perkins Boulevard Grand Beach, MI 49117

Roofing Section = 100% OF POLICE & MAINTENANCE BUILDING ROOF ONLY

COLOR SELECTIONS:

Shingles-

Edge Metal-

Flashing-

Installation of the Owens Corning TruDefinition Duration Shingle Roofing System includes a 10-year Workmanship Warranty, protecting home and landscaping with plywood and tarps as needed, ground cleanup, magnetic raking of yard, and misc. fuel, dump and maintenance fees.

PLEASE NOTE: IT IS RECOMMENDED TO HAVE B-TYPE GAS VENTS PENETRATING THRU THE ROOF INSPECTED BY A HVAC COMPANY TO AVOID LEAKING WHERE RUST IS PRESENT.

1) Remove and Replace Existing Roofing System

Remove and replace existing shingles, felt paper and nails to bare, clean decking. REMOVAL OF ONE LAYER IS INCLUDED. Removal of additional layers or cedar shake is an additional cost.

2) Sheathing

All damaged or delaminated sheathing will be removed and replaced. This is an additional unknown expense. INCLUDED is a non-refundable sheathing credit of up to either three (3) sheets of 7/16" OSB, or three (3) sheets of 1/2" plywood, or 50 LF of 1"x6" pine. The cost to remove and replace additional sheathing will be charged per market price plus labor at the time of install.

3) Ice & Water Shield

Install ice and water shield to code on all eave edges, 3 feet in all valleys, around all pipes and 16 inches along all wall-to-roof intersections. All low slopes of 2/12 - 3/12 roof facets to be shingled will have 100% ice and water shield installed.

-Grace Ice & Water Shield

All low slope roof facets of 2/12 being shingled will have 100% premium ice and water shield installed.

4) Synthetic Underlayment

Install synthetic underlayment to remaining roof decking. Synthetic underlayment offers superior protection versus builder grade felt paper.

5) Edge Metal

Install new edge metal to rakes and eaves of home. Color to meet customer's specifications.

6) Starter Strip

Install starter shingles to perimeter of roof.

7) Owens Corning TruDefinition Duration AR Shingles

Install shingles to the roofing surface. Duration shingles feature SureNail Technology, TruDefinition Color Platform, StreakGuard Algae Resistance Protection, Limited Lifetime Material Warranty, 130 MPH Wind Rating

8) Pipe Boots

Replace all pipe boots as applicable.

9) Flashing

Flashing will be replaced as outlined below. Additional Wall Tins will be charged at \$7 per foot and Wall Counterflashing at \$20 per foot. Small chimney flash is \$275, and a large chimney flash is \$525. Building a small cricket behind the chimney is \$150 and a large cricket is \$250.

-Wall Counter Flashing

Replace wall counter flashing as applicable.

NOTE: Agreement DOES NOT INCLUDE masonry repairs to chimney(s) and/or wall(s). It is recommended that customer have masonry repairs completed prior to roof replacement to have full warranty around/adjacent to chimney(s) and/or wall(s) and affected roof facets.

10) Ventilation

Replace existing ventilation. Upgrading ventilation system beyond what is existing will be an additional expense. INCLUDES INSTALLING (1) NEW SMALL BROAN VENT WITH INSULATED FLEX DUCT.

NOTE: It is recommended that the customer educate themselves on Insulation and Ventilation for attic and rafter cavity spaces and how it benefits a home or building and the roofing system. Website links are provided but not limited to, below.

https://www.energystar.gov/campaign/seal_insulate/why_seal_and_insulate

https://www.energystar.gov/campaign/seal_insulate/attic_insulation_project

http://www.airvent.com/index.php/ventilation-resources/what-is-attic-ventilation

https://www.owenscorning.com/en-us/roofing/tools/why-proper-roof-and-attic-ventilation-is-important-for-your-home

11) Owens Corning ProEdge Hip & Ridge Shingles

Install hip and ridge cap shingles to all hips and ridges.

12) Satellite Dish, Antenna, Wind Vane

Items affixed to the roof will be detached and left with homeowner. Homeowner is responsible for scheduling re-installation and calibration of satellite dishes.

13) Applicable Roofing Accessories

Estimate includes all applicable accessories such as fasteners, sealants, etc., unless otherwise noted in writing.

14) Additional Recommended Services

Below is a list of additional recommended services that could benefit your home or structure and roofing system.

- -Attic/Rafter Cavity Ventilation Improvements
- -Attic/Rafter Cavity Insulation Improvements
- -Soffit/Fascia/Sub-Fascia Improvements
- -Framing Improvements
- -Flashing
- -Gutter Cleaning
- -Replacement of Gutter(s)
- -Installation of Gutter Guards
- -Detach & Reset of Existing Gutter Guards Under Warranty by Other(s)
- -Masonry Repairs
- -Replacement of Skylight(s)
- -HVAC Inspection/Repairs
- -Replacement of or Manipulation of Metal Chimney Surround(s)
- -Energy Audits by Other(s)

NOTE: The additional recommended services within this line item are not included and will not be completed per this agreement. Contact your sales representative if you would like to have any of these services quoted and included with this agreement. Not all additional recommended services are services J&B West Roofing and Construction provides. Please contact your sales representative with questions.

Important Notifications

There is a lot that goes into the execution of your project. To help ensure a smooth experience for everyone, please read all the information below. Some of the items may not apply to your project, but please take the time to review each section carefully. Thank you. We look forward to working with you!

Securing Your Items: We highly recommend you secure any precious items before your project begins. We will not be liable for
anything that may fall from the ceiling or walls during installation. Ceiling fixtures will not fall if they are properly installed. Please remove

anything affixed to exterior walls or soffits prior to our arrival if applicable. If we must remove something that is inhibiting our ability to do our job, we will not be responsible for that item or for the reinstallation of the item. Satellites, antenna, or wind vanes on the roof will be removed, but not re-installed. We discourage you from puncturing your newly installed roof in any way.

- Skylights/Skylight Trim: Every estimate will receive pricing for new skylights. We cannot warranty skylights that are not replaced. Unless specified otherwise by the customer, we will quote you for a fixed skylight that does not open. Depending on the age of your existing skylight, the new skylight may not fit the interior drywall or trim exactly. For example, if the drywall extends above roof sheathing most new skylight curbs will not accommodate existing drywall and it will have to be cut and trimmed. If the drywall cut is perfect, it will require trim. If the drywall cut is not perfect, it will require trim. This is NOT because the skylight is incorrect. No interior work is included in the skylight price on your estimate. After the skylight is installed, we would be glad to quote interior work if you wish.
- Chimneys/Stonework: Stone and/or brick areas require periodic maintenance. We advise all customers get an inspection by a chimney/masonry professional and complete repairs prior to other exterior work.
- Sheathing: If not already included in your estimate, replacement of roof or wall sheathing will be determined at the time of installation. The main determining factor is whether the sheathing presents a surface that will hold a nail. Wet, delaminated or spaced sheathing can all cause potential issues for our installers. It is the customer's responsibility to make themselves available on the day of installation, so the project foreman can attempt to notify them of the need to replace sheathing before moving forward.
- Open Ceilings/Soffits: Homes with open ceiling or soffit overhangs (areas where decking is visible from below) will likely reveal protrusion from our fasteners. We use an industry recommended 1 ½" roofing nail. If you wish for us to use a shorter nail to try and minimize evidence of nail punctures, your request must be noted in writing on your contract. The shortest nail available for use in our pneumatic nail guns is 1". We do not recommend anything shorter, as it will void all warranties. If you insist on use of a shorter nail, additional labor expenses will be incurred. If a shorter nail is not indicated in your signed contract, standard length fasteners will be used. No compensation will be provided for the restoration of ceilings or soffits.
- Roof Sagging/Humps: If your roof has noticeable sagging or humps between rafters because of bad decking, the issue should mostly resolve itself when new sheathing is installed. If the sagging is caused by rafters or other construction issues, we will gladly have our framing department prepare an estimate for you. This must be done BEFORE the roof is installed. Please request an estimate in advance.
- Leftover Material: Your contract price covers building materials and labor as installed. We routinely leave behind an extra bundle of shingles or piece of siding, if available, for your storage. We order extra materials, so that we do not run out if there are quality issues upon unpackaging. No additional unused materials will be left onsite or credited to the customer. Similarly, if we underestimated the waste factor needed for your project, we will not charge you extra.
- Shingle Sealing/Settling: Sometimes when removed from their packaging, shingles will not lay perfectly flat. They will settle and seal to whatever is beneath them with the combination or heat and time. Most manufacturers ask the consumer to wait up to six months before they will honor their warranty. We request the same.
- Clean Up: During installation, we will do our best to periodically clean up your property. However, until the installation is completed, a certain amount of mess is to be expected. Once our crew is finished, your yard will be thoroughly cleaned and magnetically raked to collect as many stray fasteners as possible. Additionally, when new shingles are installed, there will be a certain amount of loose granules. We will clean your gutters, if they are accessible, as part of our standard clean up. During the first rain after your installation, additional granules will wash into your gutters. A return trip to clean your gutters/downspouts is not included in our standard cleanup. Attics and garages/outbuildings with open ceilings are not included in our standard cleanup. Customers will be responsible to remove or cover items and/or valuables in attics and garages/outbuildings (including vehicles) to protect them from dust and debris.
- Reporting Installation Issues: Your project foreman will conduct a final walkthrough after your installation is complete. This is your
 opportunity to address any issues you have. We will extend you 30 additional days to report any concerns specifically related to our
 installation.
- Warranty: We offer industry leading workmanship warranties. However, our workmanship warranties do not cover everything. The
 following instances are excluded from coverage.
- * Ice Dams- Extreme winter weather will cause ice dams to form. As snow melts and runs down your roof, the change in surface temperature at your overhang causes ice to form. Repeated occurrences can cause water to back up under your shingles or over your siding. We are not liable for leaks resulting from ice dams.
- * Weather Related Damage- wind, hail, tree branches, etc.
- * Manufacturer Defects
- * Damage by Foreign Parties- animals, falling objects, foot traffic

Job Type: GAF Timberline Lifetime Color: Barkwood?

Labor: 10 Years High Definition Shingle Installation with Old Roof Tear-Off

(Club House & Municipal Building)

1. The entire existing shingle roof on the club house, municipal building and small bump out on the back of the municipal building will be removed down to the roof decking.

- 2. Any rotten roof (wood) decking will be replaced prior to the roof installation.**(See Notes 2, 3)
- 3. Six (6) feet of GAF Watch Leak Barrier (Ice and Water Shield) will be installed around the entire perimeter of the club house and municipal building *(above the gutter)* as well as all the existing valleys, plumbing stacks, chimneys and skylights.
- 4. REESE RAPTOR SYNTHETIC ROOFING UNDERLAYMENT will be installed over the roof decking of the entire club house and municipal building using 1 ¼" plastic cap nails. This air, water and vapor barrier (.06 perms) is 20 times stronger than 30lb. felt and is 100% inert to mold.
- 5. GAF Timberline Lifetime High Definition Starter Shingle will be installed around the perimeter of the club house and municipal building using 1 1/4" galvanized roofing nails.
- 6. GAF Timberline Lifetime High Definition Lifetime shingle will be installed on the entire club house and municipal building as well as rakes, using 1 ¼ galvanized roofing nails.
- 7. GAF Timbertex Ridge Cap Shingles/GAF Seal-A-Ridge Hip and Ridge Cap Shingles will be installed over the entire ridge as well as over all the existing hips of the roof using 1 3/4" galvanized roofing nails.
- 8. The entire gutter system will then be cleared of any debris and all gutter hangers will be checked and replaced where necessary.
- 9. Moore Construction Employees will then walk around the entire job-site with a rolling magnetic sweeper to retrieve all loose nails around the entire perimeter of the house. We will make at least three to four passes around the entire house.
- 10. Moore Construction Employees will then inspect the entire job site for any loose debris and all debris will be removed from the job site.

Village of Grand Beach Roof Proposal Continued

Just a reminder to our clients that the roof tear-off process can create debris and dust in open attics. It might be necessary to cover any valuable items prior to the roofing job. If clients need help, please let us know.

Also, you may want to remove valuables/pictures that are hanging on the walls. The roofing process may create vibrations which can cause things to fall off and cause damage.

Moore Construction is not responsible for any possible cracks and or nail pops in dry wall during the roofing process. We are removing, in some cases, four tons of roofing material and cannot be responsible for the expansion and contraction of the wood structure from which the shingles were removed.

NOTES -

- 1. Included in the total price below are the following:
 - A. Cobra Ridge Vent will be installed on the entire ridge of the club house as well as the municipal roofs as part of our roofing work.
 - B. Any lead stacks (plumbing pipes) will be replaced.
 - C. Aluminum Flashing will be installed on all chimneys using Tapcon Concrete Fasteners and will be sealed using Quad Seal Professional Sealant.
 - D. Roof tins (aluminum) will be installed around all the walls of the house as well as all attic dormers.
 - E. Six (6) feet of Weather Watch Leak Barrier (Ice and Water Shield).
 - F. The entire house will be tarped and plywood will be placed around the house for protection from debris.
 - G. If necessary, the neighboring homes will also be tarped for their protection.
 - H. The installation of new Aluminum Drip Edge over all peaks and gables of the club house and municipal building roof as well as rear bump out.
- 2. Any rotten wood planking will be replaced at the rate of \$ 7.50 per linear foot.
- 3. Any necessary plywood decking will be replaced at \$ 120.00 per sheet using Plywood. (Due to COVID, prices have increased)
- 4. If the client would like to install Edge Vent approx. 3 ft above the gutter line for the entire length of the gutter on both sides of the building which will include cutting a vent hole for the entire length of the vent, we will add \$ 2,600.00 to the total price below.
- **\$500.00 allowance will be provided by the client for any rotten wood decking found. If no rotten wood decking is found, we will return the \$ 500.00.
- **A small gutter repair is included in this price**

If you would like to include the above option(s), please indicate such by circling the item(s) and putting your initials next to it/them.

**We will take photos of all rotten wood that needs to be replaced.

Tuck-Pointing
Warranty: 2-years

- 1. All the joints of the chimney will be grinded to remove all loose mortar from the top of the chimney down to the ground.
- 2. The new mortar will then be mixed on the jobsite using portland cement and sand.
- 3. The mortar will then be applied to all joints of the chimney from the top of the chimney down to the ground.
- 4. The mortar will then be tooled and brushed on the entire chimney down to the ground.
- 5. After all work has been completed Moore Construction employees will then inspect entire job site for any loose debris, and all debris will be removed from job site.

Notes:

1. If the client would like us to remove the entire concrete cap of the chimney and install a new concrete cap at the top of the chimney with a one and a half inch overhang on all four sides of the chimney we will add \$ 4,400.00 to the total price below.

If you would like to include the above option(s), please indicate such by circling the item(s) and putting your initials next to it/them.

JOB COST: \$ 6,850.00**

Vacant Land Purchase Agreement

By signing this purchase agreement (Agreement), **The Village of Grand Beach**, whose address is 48200 Perkins Blvd., New Buffalo, MI 49117 (Seller), and **Robert G. Vanecko**, whose address is 5912 N. Forest Glen Avenue, Chicago, IL 60646 (Buyer), agree to sell and purchase the following real estate located in **New Buffalo**, **Village of Grand Beach**, **Berrien County**, Michigan, described as follows:

PART OF Jensen Court, which legal description in full is:

Being a part of the plat of New Park Addition to Grand Beach Springs, Recorded in Liber 6 of Plats, Page 48 of Berrien County Records, Section 18, Town 8 South, Range 21 West, Village of Grand Beach, Berrien County, Michigan.

(See attached survey and highlighted portion for the "Property" being purchased)

commonly known as Part of Jensen Court (the Property), with Buyer to pay \$100,000 (the Purchase Price), subject to building and use restrictions and easements, if any, and zoning ordinances, if any, on the following conditions:

Cash Sale

Seller agrees to deliver the usual form of warranty deed conveying marketable title on tender of the Purchase Price. Payment of the Purchase Price is to be made by title company check, certified check, or wire transfer.

Evidence of Title

As evidence of title, Seller, at Seller's expense, agrees to furnish Buyer as soon as practicable a commitment for title insurance issued by Meridian Title Insurance Company (or a similar national title insurance company acceptable to Buyer) (the Title Company) in an amount not less than the Purchase Price and bearing a date later than the acceptance of this Agreement, with the owner's policy pursuant to the commitment to be issued insuring marketable title to the Property in Buyer's name.

Title Objections

If objection to title is made in the commitment for title insurance or based on a written opinion of Buyer's attorney within 10 days of the date of Buyer's receipt of the commitment that the title is not in the condition required for performance under this Agreement, Seller, at Seller's sole option, will have 30 days from the date Seller is notified in writing of the particular defects claimed, either (1) to fulfill the requirements in the commitment or to remedy the title defects set forth in Buyer's attorney's opinion or (2) to refund the deposit in full termination of this Agreement. If Seller is able and elects to comply with the requirements or remedy the defects within the time specified, as evidenced by written notification, revised commitment, or endorsement to commitment, Buyer agrees to complete the sale within 14 days of receipt of a

revised commitment or endorsement to commitment, subject to any other contingency in this Agreement.

Survey

Seller agrees to provide a boundary stake survey of the Property to Buyer prior to closing for satisfactory review, at Buyer's cost.

Earnest Money Deposit

On the Effective Date (as defined below) of this Agreement, Buyer will make an earnest money deposit of \$1,000.00, which will be held by the Title Company and applied toward the Purchase Price at closing if the sale is consummated.

Taxes and Prorated Items

All taxes that have become a lien on the land as of the date of closing will be paid by Seller, except that

- 1. all current property taxes will be prorated and adjusted between Seller and Buyer as of the date of closing on a due-date basis, without regard to lien date, as if paid in advance (e.g., taxes due July 1 will be treated as if paid for the period of July 1 of the current year through the following June 30, and taxes due December 1 will be treated as if paid for the period of December 1 of the current year through the following November 30); and
- 2. Buyer will be responsible for the payment of all property taxes falling due after the date of closing without regard to lien date.

Current homeowners, subdivision, or condominium association dues and assessments, if any, will also be prorated between Seller and Buyer as of the date of closing on a due-date basis. Seller will be responsible for payment of all installments due on or before closing for any special assessment against the Property. Buyer will be responsible for payment of all installments due after closing on any special assessment against the Property. If any special assessment must be paid in full at closing, Buyer will make that payment at closing.

Water Escrow

N/A. Vacant Land.

Personal Property

There is no personal property being sold with this purchase.

Closing

Closing will take place at the office of the Title Company. If title can be conveyed in the condition required under this Agreement and all contingencies have been satisfied or waived, closing will take place on a date and time as is mutually agreeable to the parties and as dictated by the ability and availability of Buyer's lender, if any, to close. However, closing will occur not later than March 17, 2023.

Payment of Fees and Closing Costs

Buyer will pay all closing fees and all costs associated with recording the required deed and loan documents. The parties agree that the Title Company will prepare the required deed and closing documents necessary to complete this transaction, that the Title Company will conduct the closing, and that the cost of same, together with any document preparation fee, excepting as to loan documents, will be paid by Seller. Seller will pay the required transfer tax, the cost of an owner's commitment and standard policy of title insurance, and recording fees relative to the discharge of Seller's mortgage, if any. At closing, the parties will execute closing statements prepared by the Title Company and all income or other tax and governmental reporting documents as required by the Title Company.

Possession

Possession will be tendered to Buyer at closing.

Seller's Disclosure Statement

No Seller's Disclosure is required for vacant land.

Inspection Contingency

N/A. This agreement is not subject to any inspections by buyer. The Property is being purchased AS IS.

Lead-Based Paint Inspection Contingency

No Lead-Based Paint Disclosure is required for vacant land.

Condition of Property

Seller and Buyer acknowledge and agree that the Property is being purchased and sold in an "AS IS" condition without any representations or warranties whatsoever by Seller concerning the physical condition of the Property or its fitness for any particular purpose. **SELLER DISCLAIMS ANY AND ALL WARRANTIES, IMPLIED OR EXPRESS,** and by consummating this purchase Buyer releases Seller from any and all claims related to the Property. Buyer reserves the right to have a walk-through inspection of the Property 24 hours before closing. Seller agrees to leave the home broom clean and free of debris.

Legal Description

Buyer and Seller acknowledge and agree that the legal description for the Property will be that as set forth in the new * survey and title commitment for title insurance to be obtained by Seller and furnished to Buyer pursuant to this Agreement.

Buyer's Default

If Buyer defaults under this Agreement, Seller may, at Seller's option, pursue all legal and equitable remedies available to Seller under Michigan law, or Seller may retain the deposit as liquidated damages, and in full termination of this Agreement. If Seller elects to retain the deposit as liquidated damages, Seller acknowledges and agrees that Seller does so as Seller's sole remedy, and Seller will have voluntarily waived any other legal or equitable remedy Seller may have as a result of the default.

Seller's Default

If Seller defaults under this Agreement, Buyer may, at Buyer's option, enforce the terms of this Agreement or demand and be entitled to an immediate refund of Buyer's entire deposit in full termination of this Agreement as Buyer's sole and exclusive remedies. If Buyer elects a return of the deposit, the deposit will be returned as liquidated damages. Buyer acknowledges and agrees that Buyer's election of a return of the deposit will be Buyer's sole remedy, and Buyer will have voluntarily waived any right to enforce the terms of this Agreement against Seller as a result of the default.

Due on Sale

Seller understands that consummation of the sale or transfer of the Property described in this Agreement will not relieve Seller of any liability that Seller may have under the mortgage (or mortgages) to which the Property is subject, unless otherwise agreed to by the lender or required by law or regulation.

Private Road (delete if not applicable)

Buyer acknowledges and understands that the Property does not abut a publicly dedicated and accepted road and is accessed by a private road that is not required to be maintained by any public authority.

Binding Agreement

This Agreement will bind and inure to the benefit of the heirs, executors, administrators, successors, and assigns of the respective parties.

Time of the Essence

At all times under this Agreement where certain time constraints are set forth, the parties have agreed that time is of the essence and that no extensions of those time limits are expected or agreed to unless specifically agreed to in writing.

Brokers

Seller and Buyer represent and warrant to each other that they have not used or employed the services of any real estate brokers, sales agents, or finders in connection with the purchase and sale of the Property.

Entire Agreement

The parties agree that this Agreement contains the entire agreement between Seller and Buyer and that there are no agreements, representations, statements, or understandings that have been relied on by the parties to this Agreement that are not stated in this Agreement.

All Agreements in Writing

The parties agree that this Agreement (and written and signed addenda, if any) cannot be modified, altered, or otherwise amended without a writing being duly signed or initialed, as the case may be, by both Seller and Buyer.

Effective Date

The effective date of this Agreement, i.e., the date on which the timing provisions and contingencies of this Agreement begin (the Effective Date), will be the date on which the last person to sign this document will have signed the document. If the parties fail to insert the date they signed this Agreement beneath their signatures below, the Effective Date will be the date on which Buyer received a fully executed copy of this document. IT IS THEREFORE VERY IMPORTANT FOR EACH PERSON SIGNING THIS DOCUMENT TO PLACE THE DATE OF SIGNING IN THE SPACE PROVIDED BELOW [HIS / HER] SIGNATURE.

Accordingly, Seller and Buyer have executed this Agreement as of the date written below.

Opinion of Value: \$

100.000

Effective Date:

01/02/2023

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of the appraisal is to develop an opinion of market value for the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The opinion of value reported above is as of the stated effective date and is contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me if we can be of additional service to you.

Sincerely,

Dennis A Black State Certified Appraiser

SUPPLEMENTAL ADDENDUM

RECONCILIATION OF VALUE - DISCUSSION

The final reconciliation of value acknowledges that all comparables used were considered in final value given to subject property

Comps # 1,2 Were utilized because they were very recent in sale date and had close proximity to subject property and Lake Michigan.

Comp # 3 was utilized because it is very close to subject property, but is located in a " Critical Dune Area " This property did not have proper DEQ permits at the time of sale and this reflected in sales price.

Comps # 4,5,6 were utilized because there were all sold as " Unbuildable Lots " similar to that of subject lot/property. These Lots were dated and only used to help support appraised value of subject lot.

Comparables #3,4,5,6 are over one year in sales age but considered reliable comparables. These comparables are more relevant due to their similarity to the subject property than would be newer, less similar comparables. No Positive time (market condition) adjustment was necessary per data in the Market Conditions Adddendum.

ADJUSTMENTS

**Adjustments for differences in features of the comparable properties relative to the subject are developed using various methods consistent with typical appraisal practices. The adjustments applied reflect historical market preferences and market reactions to the differences specific to the local market. The methodologies used to derive the adjustments include historical data from paired sales analyses, market extraction, discussions with realtors/brokers, contractors, personal knowledge, and experience. Some individual line item adjustments may be larger than typically expected due to the non-homogeneous nature of the local market and general lack of more truly comparable and/or proximate comparables available. Nevertheless, the adjustments are applied consistent with the market's perception of value based upon historical data from the appraiser's files. The provision of specific data and/or detailed discussion with respect to the actual calculations/methodologies used to develop individual adjustments is outside the scope of this report and is not included.

Adjustments in this report are rounded to the nearest \$100 of value.

Lot Size/Acreage adjusted at \$2.50 per square foot.

Buildable lots were adjusted at \$75,000 and \$50,000 respectively.

Comps # 4,5,6 were adjusted for location at \$50,000 due to subjects much closer proximity to Lake Michigan.

REPORT SPECIFIC COMMENTS/DISCLOSURES

- **Appraiser has personally driven by and viewed all comparables used in the report from the street (unless otherwise indicated) within the past 30 days.
- **Appraisers are required to be licensed and are regulated by the Michigan Department of Licensing and Regulatory Affairs, PO Box 30018, Lansing, MI 48909 in the state of Michigan and by the Indiana Professional Licensing Agency, 402 W Washington St., Indianapolis, IN 46204 in the state of Indiana.
- **The legal description provided is the common and/or abbreviated description used by the assessor, treasurer, and/or other local governing bodies. This description is not necessarily complete, but is the common and useful description to properly identify the subject property. A full legal description should be obtained as part of the title work for transfer purposes. Complete/full legal descriptions are not readily available to the appraiser and the ability to obtain such descriptions fall outside common appraisal practice for the purpose of this report.
- **Comparable photos used in this report are taken by the appraiser and may be selected from a large database maintained by the appraiser. Some seasonal photographs may be used as comparable photos are often not obtained the same day as of the effective date of the report. The appraiser is in compliance with USPAP, has

extensive knowledge of the subject's market area, and has driven by the comparable properties within the past 30 days as of the effective date of the report. Database photographs may also be used in cases where people are outside the homes, inclement weather, time of day, gated communities, private drives/roads, and/or location of the home too far from the road to obtain a clear and descriptive photograph.

GENERAL APPRAISAL DISCLOSURES

Digital photos used in the appraisal report have not been altered or enhanced in any way.

Distances, square footage, and drawings are all approximate. Distances are measured point to point in a straight line.

Appraiser is not a licensed HVAC, Electrical, Roofing, Structural, Environmental, or Pest Inspector and does not warrant these items in any way.

While it is believed the information and estimates given and the opinions and conclusions drawn therefrom are correct, the appraiser does not guarantee them and assumes no liability for any errors in fact or in judgment. No attempt has been made to render an opinion of title or of the status of easements or any other matter of legal character.

Electronic/digital signatures are used in this report. This is ruled acceptable appraisal practice by USPAP. All guidelines in the use of digital signatures are adhered to by USPAP standards with regard to security provisions and authorized release of signatures presented.

The appraiser herein by reason of this appraisal is not required to give testimony or attendance in court or any governmental hearing with reference to the subject property unless arrangements have been previously made.

A thorough review of all MLS data to date has been made with no additional comparables closer in size or better in overall likeness to that of the subject or to other comparables used. It is the opinion of the appraiser that all comparables used are currently the best available per MLS data over the past 12 months unless otherwise indicated.

Aerial photographs may not reflect the current conditions of the subject property, surrounding properties, or building density in the subject neighborhood. These pictures are obtained through proprietary software and are often several years old. The photographs are used solely to enhance the intended user's understanding, to support the appraiser's knowledge of the subject location/neighborhood, and to help identify and support any beneficial and/or adverse conditions that may or may not exist.

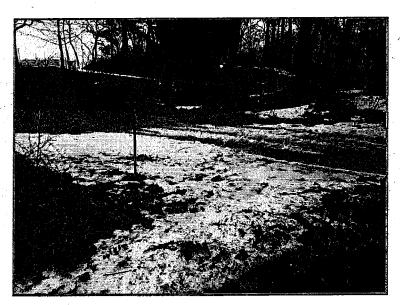

** Square Footage was calculated using the American National Standards Institute (ANSI), measuring standard for measuring, calculating, and reporting gross living area (GLA) areas of subject properties for appraisals requiring interior and exterior inspections. (ANSI 2765-2021)

ADDITIONAL SUBJECT INFORMATION

**NEIGHBORHOOD - Present Land Use % "OTHER": The "Other" category for present land use combines all other land uses except those identified in the neighborhood section as current use: One-Unit, 2-4 Unit, Mult-Family, and Commercial. Examples of land uses encompassed by the "Other" category may include but not limited to agricultural, city/state/federal parks, state and/or federally protected land, inland lakes, inland waterways, and/or vacant parcels/lots.

Council CHAIRS

Complete essential tasks with the Serta Smart Layers Jennings big and tall executive chair. So comfortable — you'll feel the difference the moment you sit down. With 5 layers of foam on top of individually wrapped ComfortCoils, this high-back chair provides luxurious seating, while the ergonomic height and tilt controls allow easy customization. This Serta Smart Layers Jennings big and tall executive chair features lumbar support to help minimize pressure on your lower back, and the bonded leather upholstery offers aesthetic appeal.

- Comfort inducing Smart Layers™ maximize comfort.
- Contoured lumbar zone helps minimize pressure on your lower back.
- Hand-sculpted upholstered arms and seat side fingertip controls are ergonomic efficient.
- Cushion elevated headrest and deep layered body pillows are scaled for the Big and Tall.
- Commercial grade components support up to 400 lb.
- Meets and/or exceeds ANSI/BIFMA performance standards.
- Backed by the manufacturer's 10-year limited warranty.

STAFF CHAIRS

Provide a more comfortable seating experience for your staff with this Boss Perfect Posture office chair. Contoured, padded cushions offer softness plus support for all-day comfort, while the durable tweed upholstery stands up to frequent wear and tear. Task chair for comfortable office work.

- Black fabric chair for softness and a professional look
- Pneumatic gas lift height adjustment allows you to customize the chair to your specific needs
- Armless design allows for easy movement and versatility
