

HOUSE NUMBERS REQUIRED

Prior to receiving a Certificate of Occupancy for the house built under building permit # _____, located at _____, the contractor and/or owner of the house must install house numbers in accordance with Village of Grand Beach ordinance number 2008-73.

This ordinance was adopted in order to ensure that fire departments, police departments, ambulances, utility companies, Village employees and Village and Township officials are able to locate your house. By installing numbers on your house, it will be easier for those people to rapidly locate your house in an emergency.

The ordinance can be viewed at www.grandbeach.org.

The basic requirements are as follows:

1. All premises shall bear the distinctive street number assigned to that premise by the Village of Grand Beach and recognized by Berrien County Central Dispatch governing board.
2. All houses shall display upon the front of each dwelling the distinctive street number assigned to that premise. The number shall be placed in such a position as to be clearly visible to all road traffic coming to the premise from both directions. **These numbers shall be no less than four (4) inches in height.**
3. If a dwelling is more than 50 feet from the street or is not clearly visible from the road, every owner of a premise shall place or display adjacent to the road on which the property fronts a sign attached to a fence or post those distinctive street numbers assigned to that premise. These numbers shall be no less than four (4) inches in height. These numbers should be visible from

both directions. The sign must be placed at a height to assure it does not become obscured by winter snows or snowplowing.

4. All house numbers shall be in either block or script style numbers and shall be reflective or lighted, whether on the dwelling or on a sign at the road.

5. Any different numbers, which might be mistaken for or confused with the number assigned to said property by the Village of Grand Beach shall be removed.

6. House numbers shall be "clearly visible", which means visible by a person with normal or corrected 20/20 vision.

By signing below, I acknowledge that I have been made aware of Village ordinance #2008-73 regarding house numbers, and realize that the Certificate of Occupancy will not be issued until the house numbers have been installed on this house.

Signature of Contractor or Property Owner
