SECTION 28. A majority of the members of the council shall be a quorum for the transaction of business. Every ordinance and resolution shall be adopted or passed by the affirmative vote of three members of the council. The effective date of any ordinance shall be prescribed therein and shall not be less than one week after its adoption, unless the council shall, upon attaching a declaration of emergency affecting the public peace, health or safety, fix an earlier date; but no ordinance imposing a penalty shall take effect until at least ten days after publication, and no measure making or amending a grant, renewal or extension of a franchise or other special privilege shall ever be passed as an emergency measure.

SECTION 30. All ordinances when legally enacted shall be recorded by the clerk in a book to be called, "The Ordinance Book," and it shall be the duty of the president and the clerk to authenticate such record by their official signatures. Except as otherwise provided by this charter, all ordinances when legally enacted shall be immediately published by the clerk in the manner provided by this charter for publication of notices, and the clerk shall enter his certificate as to the manner and date of publication under each ordinance in the ordinance book; provided, that publication of any ordinance with the council proceedings shall be sufficient and if any ordinance be published in advance of publication of the proceedings, it need not again be published with the proceedings. The council may direct the clerk to make a digest of any ordinance or amendment more than one thousand words in length; and when the council shall approve such digest and shall order its publication, such publication shall be deemed sufficient publication of such ordinance or amendment under this section; the council may adopt any detailed technical regulations (e. g., building code) as a city ordinance by reference to any recognized standard code, official or unofficial, or if such a code be written in detail for the village and adopted as an ordinance, the publication of a general statement of the content and purpose, approved by the council, shall be sufficient publication of such ordinance, and any amendment to such adopted code or detailed technical ordinance may be published in the same manner. Any ordinance may be repealed by reference to its number and title only, or any section of any ordinance may be repealed by reference to the number and title of the ordinance and the number of the section to be repealed. If the council shall order a general revision and compilation of all ordinances, the printing and binding of not less than one hundred copies in booklet form shall be sufficient publication.

SECTION 31. The council shall have authority, for the purpose of hearing or investigating charges against any officer, or making any other investigation of any character, to require the president or any justice of the peace to issue subpoenas or process by warrant to compel the attendance of witnesses and the production of books and papers or any records before the council or any committee thereof. In case charges are made against any officer, he shall be entitled to have subpoenas issued in his behalf, to compel the attendance of witnesses and the production of books, papers and records.

REVISED CHARTER OF THE VILLAGE OF GRAND BEACH

SECTION 34. The subjects of taxation for municipal purposes shall be the same as for the state, county and school purposes under the general law. The rate of taxation for municipal purposes shall not exceed two per centum of the assessed value of real or personal property.

SECTION 35. On or before the first Monday in April of each year the assessor shall make and complete an assessment roll of taxable property in the village, and shall submit the roll, over his certificate, to the council. The assessment roll shall be open to public inspection during the week of the second Monday in April, and notice to that effect shall be published by the clerk at least four days prior to the second Monday in April. Within the inspection period any person may file in writing with the clerk a complaint of any assessment, stating specifically the grounds of the complaint.

SECTION 36. The board of review shall meet on the third Monday in April to review the roll and to consider any complaints which may have been filed with the clerk and to hear any complaints which property owners may make in person, or by attorney; the board may continue its meeting on such successive days as may be necessary to hear all complaints. Notice of the meeting of the board of review shall be published by the clerk at least four days prior to the third Monday in April. Before the first Monday in May the board shall complete its review of the roll, which shall, during the next fiscal year, be the basis for the levy and collection of taxes.

SECTION 37. Before the third Monday in April, each village officer shall submit to the treasurer an itemized estimate of the expenditures for the next fiscal year, of the department or departments under his control. The treasurer shall prepare a complete itemized budget for the next fiscal year, and shall submit it to the council on or before the first Monday in May.

SECTION 38. The budget shall include the following information:

(1) Detailed estimates of the expense of conducting each department and office of the village for the ensuing fiscal year;

(2) Expenditures for corresponding items for the current year and last preceding fiscal year, with reasons for increases and decreases recommended as compared with appropriations for the current year;

(3) The value of supplies and materials on hand at the date of the preparation of the estimates, except office supplies and other minor items;

(4) The amount of the total and net debt of the village, together with a schedule of maturities of bond issues;

(5) A statement of the amounts to be appropriated: For interest on the village debt; For paying any serial bonds maturing during the year;

(6) An itemization of all anticipated income of the village from sources other than taxes and bond issues, with a comparative statement of the amounts received by the village from each of the same or similar sources for the last preceding and current fiscal years;

(7) An estimate of the amount of money to be raised from taxes and the amount to be raised from bond issues which, with income from other sources, will be necessary to meet the proposed expenditures.

SECTION 39. A public hearing on the budget shall be held at least one week before its final adoption, at such time and place as the council shall direct, and notice of such public hearing shall be published at least one week in advance by the clerk.

SECTION 40. After the budget has been adopted, no appropriation shall be overdrawn, and no appropriation shall be increased except by a four-fifths vote of the council. The balance in any appropriation which has not been expended or transferred at the end of the fiscal year shall revert to the

REVISED CHARTER OF THE VILLAGE OF GRAND BEACH

general fund and be re-appropriated during the next fiscal year. At the beginning of each quarterly period during the fiscal year and more often if required by the council, the treasurer shall submit to the council data showing the relation between the estimated and actual income and expenditures to date; and if it shall appear that the income is less than originally estimated, the council shall reduce appropriations, except amounts required for debt and interest charges, to such a degree as may be necessary to keep expenditures within the cash income, without considering the possibility of receiving any revenue from current loans. It is the intent of this section to keep the expenditures of the village within its cash income, and that the authority to borrow on current loans shall only be used for unusual and unforeseen needs of an emergency nature.

SECTION 41. Not later than the first Monday in June, the council shall, by resolution, adopt the budget for all municipal expenditures for the next fiscal year and such resolution shall provide for a levy of the amount necessary to be raised by taxation. Upon adoption of the annual tax levy, the treasurer shall prepare a tax roll before the twentieth day of June. The taxes thus assessed shall become at once a debt to the village from the persons to whom they are assessed, and the amount assessed, together with all charges thereon, shall on the first day of July, become a lien on the property assessed, of the same character and effect as the lien created by general law for state and county taxes, until paid.

SECTION 42. Taxes levied by the village shall be due and payable on the first day of July. The treasurer shall give notice by publication of the collection of taxes before that date. After the tenth day of August, a penalty of three per cent shall be charged on all village taxes remaining unpaid. In returning unpaid village taxes to the county treasurer as required by state law, the treasurer shall add all penalties and interest due on said taxes to date; and from and after the date of the return, interest at the rate prescribed by state law to be paid on delinquent state and county taxes shall be collected by the county treasurer on the whole amount returned against any description of property.

SECTION 43. Whenever the council shall determine that the whole or any part of the expense of any public improvement shall be defrayed by an assessment on the owners of land to be benefited thereby, it shall cause the expense of such improvement to be estimated and shall declare by an entry on its journal whether the whole or what portion thereof shall be assessed to such owners and occupants, specifying the sum to be assessed, the number of installments in which it may be paid, and the portion of the village which it deems to be benefited. The council shall cause an assessment of the sum to be assessed to be made upon all lands within the designated portion of the village according to benefit. The assessment roll shall be open to public inspection for a period of seven days before the council shall meet to review the roll and hear complaints. The clerk shall give notice in advance by publication, of the opening of the roll to public inspection and of the meeting of the council to hear complaints. If at or prior to the hearing, the owners of more than one-half, of the property to be assessed shall object in writing to the improvement, the assessment shall not be made except by the affirmative vote of at least four members of the council. Every special assessment ratified and confirmed by the council after such hearing shall be final and conclusive. Should any special assessment prove insufficient to pay for the improvement and related costs of the project for which it was levied, the council may make an additional pro rata assessment. Should the assessment prove larger than necessary less than five per cent, the council may place the excess in the village treasury; if more than five per cent, the excess shall be refunded pro rata to assessments. Special assessments and all interest and charges thereon shall, from the date of confirmation of the roll, be and remain a lien upon the property assessed, of the same character and effect as the lien created by general law for state and county taxes, until paid. Interest at a rate not to exceed six per cent per annum shall be collected on deferred installments; and the same penalty and interest shall be paid on delinquent installments of such assessments, from such date after confirmation as shall be fixed by the council, as are provided by this charter to be paid on delinquent general village taxes, and such delinquent special assessments returned to the county treasurer for collection, shall be handled in the same manner as are delinquent general village taxes.

SECTION 44. The village shall have the right to sell personal property for unpaid personal taxes and the council may provide for judicial sale of such property.

REVISED CHARTER OF THE VILLAGE OF GRAND BEACH

SECTION 45. The council may provide by ordinance or resolution that the clerk shall bid in for the village any lot of land or premises at any sale for taxes or assessments levied or assessed by the village. Under such limitations as are provided by state law, the council may sell or lease in such manner and under such conditions as it may by resolution provide, any property of the village, whether acquired by purchase at tax sales or otherwise, that is not devoted to public use.

SECTION 46. The village council may borrow money on the credit of the village for any purpose within the scope of its powers, and may issue the village's bonds or other evidences of indebtedness therefore; provided, that the authority herein granted shall be subject to all limitations, conditions, restrictions and requirements now or hereafter provided by this charter and the constitution and laws of this state. Bonds which may be issued shall include general obligation bonds; mortgage bonds and revenue bonds for the purpose of acquiring or constructing public utilities, which bonds may be issued beyond the general limitation of bonded indebtedness prescribed by state law when they do not impose any liability upon the village, except upon the property and revenues of such public utility; special assessment bonds; bonds for the village's portion of local improvements; bonds issued in anticipation of the collection of taxes actually levied and uncollected; refunding bonds, and emergency bonds. All other types of bonds, notes and other evidences of indebtedness now or hereafter specifically authorized or permitted by state law may be issued as therein provided. Bonds and other evidences of indebtedness of the village shall be signed by the president and attested by the clerk under the seal of the village. The coupons evidencing the interest upon bonds of the village may be executed with the facsimile signatures of the president and the clerk.

SECTION 47. The council shall provide by ordinance for the collection of all public utility charges made by the village. Such ordinance may provide that any sums due the village on utility bills not otherwise paid shall be assessed against the real property on which the service was rendered, and shall be spread on the next regular village tax roll on which collections begin at least 90 days after the date on which such charge shall become due and payable. Such charges so assessed shall become a lien of the same character and effect as the lien created by state and county taxes, until paid.

SECTION 48. The council may borrow in any one year for current purposes such amount as may be permitted by state law. Such money may be borrowed from any village fund which will not be in need of the money previous to its repayment, or on tax anticipation notes as provided by state law. The budget for the next succeeding fiscal year shall include a sum sufficient to pay all such loans and interest and they shall be paid on or before September 1 of such succeeding fiscal year. Any village officer failing to perform any duty of his office in conformity with this section shall be deemed guilty of a misdemeanor.

SECTION 49. The treasurer shall audit all documents evidencing claims, demands or charges against the village government and shall certify to the regularity, legality and correctness of such documents; he shall prepare a check, draft, order or warrant drawn on the proper fund for each such approved claim, demand or charge, which check, draft, order or warrant shall be signed by the treasurer and countersigned by the president. The council shall designate the depository or depositories for village funds and establish the requirements as to security for deposits and interest thereon. The council shall provide by ordinance for the prompt and regular deposit of all moneys in the depository or depositories, and may provide by ordinance any further fiscal control it may deem necessary for the safe custody and proper disbursement of village funds.

SECTION 50. The council shall provide for a system of accounts which shall conform to any uniform system required by state law.

SECTION 51. The council may require such financial and general reports from all village officials as it may direct, and shall order an audit of the accounts of the village at least annually and more frequently if deemed necessary, which shall be made by auditors or accountants experienced in municipal accounting. An annual financial report of the village's business shall be published in sufficient detail to disclose the expenditures for the year in various departments and by the whole village, and in such manner that citizens may readily determine the relation of the village's expenditures to its actual income.
